KEY INFORMATION

It's a whole new ball game as Mario™ rocks the rim on the Nintendo DS.

- Get that magic touch. There are plenty of basketball games out there, but none with the hands-on control of *Mario Hoops 3-on-3*. Players use the touch screen to get their game on as they execute tricky dribbles, special passes and sweet shots – all with strokes and taps of the stylus.
- Players choose their teams of three characters from the Mario universe and hit the parquet. Power-ups like Red Shells and Bob-ombs can turn the tide as they chase down coins – they will affect the score, so players collect as many as they can as they drive to the hoop.
- Whether playing against friends on a local wireless connection, jamming through a tournament or just playing mini-games, there's a mode for everyone.
